PERSONAL SUMMARY

Profile & Aspirations

A driven and technically inclined individual seeking a transformative career shift into web development, viewing this transition as a significant upgrade, both professionally and personally, and fully committed to excelling in this field. For the past five months, I've been able to dedicate my full time and focus to actively upskilling in front-end development and immersing myself in the field. I'm determined to seize every opportunity for development and progress. I'm eager to learn, contribute, and leverage my determination and interpersonal skills to achieve my goal of becoming a highly successful web developer.

SKILLS

Web Development

React/Next.js / JavaScript / Tailwind CSS / HTML / CSS

Version Control

Git / Github

Content

Adobe Photoshop / Capcut / Cubase 10 Pro / Lightroom Classic

PROFESSIONAL DEVELOPMENT

[03/2025]

React - The Ultimate React Course (84hrs)

This course covers React fundamentals, advanced patterns, Next.js, Context API, React Query, Redux, Tailwind CSS, and modern development practices.

Link: <https://www.udemy.com/course/the-ultimate-react-course/learn/lecture/35882526>

[01/2025]

JavaScript ES6+ - The Complete JavaScript Course (71hrs)

A thorough course that covers JavaScript fundamentals, including data types, operators, control flow, functions, objects, the DOM, and modern JavaScript features (ES6+). Developed 6 JavaScript projects, including mini games, banking web application following Object-Oriented Programming (OOP) principles, a geolocation-based workout tracking application using Leaflet.js and local storage, food recipe search and bookmarking web application using API fetching state management, and modern techniques (ES6+, async/await, MVC architecture) etc.

[11/2024]

Code Academy - JavaScript Course

Learned core JavaScript concepts, including data types, control flow, functions, objects, and the DOM.

[10/2024]

FreeCodeCamp - Responsive Web Design Certification

Web Development: HTML, CSS

PROJECTS

[05/2025 – Current]

xTask - Task Management Web Application

Live: <https://x-task-mu.vercel.app/>

- Built a Trello-style task management application using Next.js, with Context API for state management and React Query for real-time data updates.
- Designed a responsive UI with Tailwind CSS and added drag-and-drop functionality using Dnd-kit, ensuring a seamless experience on both desktop and mobile.
- Integrated NextAuth for Google OAuth authentication and Supabase for data storage, with deployment on Vercel.
- Tech Stack: Next.js, Context API, React Query, Tailwind CSS, Dnd-kit, NextAuth, Supabase, Vercel.

WORK EXPERIENCE

Everything & Beyond - Digital Design & Branding Agency – Drapetsona, Greece

City: Drapetsona | Country: Greece

- Coordinated delivery to ships at docks and offshore, ensuring proper loading and compliance with safety standards.
- Collected and prepared orders for shipment, ensuring timely and accurate delivery.
- Managed warehouse operations, including order fulfillment and delivery logistics.

EDUCATION AND TRAINING

Audio Engineering

SAE Athens [2011 – 2015]

City: Athens | Country: Greece | Website: <https://www.sae.edu/grc/sae-home/>

Relevant Coursework Included: Digital Editing For Music and Multimedia, MIDI, Synthesis and Sampling, Digital Audio Workstations, Signal Flow.
My experience with audio engineering, particularly my understanding of signal flow, has instilled in me a systems-oriented approach to problem-solving. I'm comfortable thinking about how different components interact and how changes in one part of the system can affect the whole.
